FUN-6313 / 6314

Table-top Chairman / Delegate Unit

GOOD DESIGN AWARD 2016

DESIGN AWARD 2016

- Ingenious design ensures the steady base preventing from moving or scratching against the table.
- OLED display: clearly shows the operation modes and microphone ID number. When the voltage is too low, the OLED would display the present voltage value for reminder.
- The speaking push-button is equipped with white / red / green / orange LED indicator light to represent different operation modes: able to speak / speaking / override / FIFO.
- Equipped with DSP chip, AGC, and sensitivity adjustment for enhancing the audio quality.
- Equipped with digital coding. Each unit's ID number and the identity of chairman / vice-chairman / delegate can be instantly set by the FCS-6350 main control unit or BXB graphical software.
- Chairman unit has the highest priority to speak and control delegate units as instant OFF, permanent OFF, and temporary OFF. In the meantime, all the speaking delegates would be muted.
- Any delegate can be set as vice-chairman identity. Even if there's only one chairman unit on site, it's flexible to set any delegate unit as vice-chairman identity. Its speaking right is not restricted by the chairman's control but has the priority to speak temporarily.
- Able to avoid the interference of electromagnetic from 3G and 4G cell phones.

Specifications

Voltage	DC 12~24V (supplied by the MCU)
Connection	CAT5e (attach 1M cable x 1)
T.H.D	< 0.1%
Frequency Response	50Hz~18KHz
S/N Ratio	> 85dB

Sensitivity	-47dBV / pa
Microphone Type	Electret Condenser Cardioid Mic
Gooseneck Length	32 / 43 / 48 / 56cm
Dimension (WHD)	115 x 83 x 95 mm
Weight	810g
